

118mm

The diagram shows two concentric circles. The larger, outer circle has a diameter of 118mm, with the text '118mm' positioned at the top center of its boundary. The smaller, inner circle is centered within the larger one and has a diameter of 19mm, with the text '19mm' positioned at the top center of its boundary. Both circles are drawn with thin black outlines.

19mm
